

Palmer Wind Farm Community Information Day

Come and find out the facts

TrustPower is investigating the potential for a wind farm development in the Mid Murray Council area located on the ranges between the settlements of Palmer, Tungkillo and Sanderston.

TrustPower will be the owners and operators of the Palmer Wind Farm.

The **Palmer Wind Farm** is still in the early development stage and we have just commenced our extensive community consultation process to help shape the feasibility and ultimate design of the potential wind farm and planning application.

The Project Team would like to invite you to attend a Community Information Session

Date	Wednesday 16 October 2013
Venue	Collier Park Pavilion Mannum / Adelaide Road Palmer
Time	From 11:00am until 8:00pm

The Community Information Day is an opportunity to speak to a member of the Project Team to hear the facts on the project from the Project Team and raise any queries you may have.

If you cannot attend this session, TrustPower will be holding further information sessions on the **1st & 2nd November** and also **early December 2013**.

You can also find out further information at the project website
